

## Weekly Activity Report Region IX Office of Regional Counsel

Week of XXXXX XX, 2018

### Regular Highlights:

#### Enforcement And Compliance Assurance Issues

[ SEQ CHAPTER \h \r 1]Non-Confidential

#### Region IX issues three Unilateral Administrative Orders for four Hopi Village public water systems

On October 3, 2018, EPA Region IX issued Unilateral Administrative Orders to three Hopi Villages (Sipaulovi, First Mesa Consolidated Villages and Shungopavi) for four public water systems located on the Hopi reservation. The public water systems are all out of compliance with the arsenic maximum contaminant level (MCL). The UAOs require the Villages to each submit a compliance plan with milestones for achieving compliance with the arsenic MCL.
